**Watch Video**

**"For the scientist who has lived by his faith in the power of reason, the story ends like a bad dream. He has scaled the mountains of ignorance; he is about to conquer the highest peak; as he pulls himself over the final rock, he is greeted by a band of theologians who have been sitting there for centuries."**

### **Why do some claim that science has disproved God?**

**Firstly, science can determine everything there is to know about everything**

**Secondly, because they have ruled out the possibility of God.**
